A Summer Retreat
Sunday 1 - Saturday 7 July 2018, Brigidine Centre, Tullow, Ireland

Inspired and guided by the wisdom of the Universe Story and Scripture, this six day retreat will offer a creative prayerful space to reflect on a spirituality of the heart that;

- ♦ honours the heart as the holy ground of our growth and transformation; as the sanctuary of mystery and longing; as the tabernacle of presence and grace
- ♦ appreciates the mystery of the Universe Story as the mystery of our own story
- ♦ embraces God as the depth dimension and mystery of our human experience...(Rahner)

*"My heart is fixed upon you Lord, my heart is steadfast in your love.
My heart at peace within your gaze, my heart at home in your embrace."*
